Blackboard Learn Ultra Base Navigation

Welcome to Blackboard Learn Ultra Base Navigation!

On January 1st, 2023, Bowie State University adopted the new navigation experience of Blackboard Learn Ultra, a more intuitive and simplified way of accessing course content suitable for all devices. Use the left tabs to access **Courses** and **Organizations**; most of them continue in the standard format familiar to students and faculty.

- **Activity Stream** shows any ongoing activity in the courses and organizations of which are a member.
- **Messages** is a compendium of text messages generated in all your courses.
- **Grades** allow quick access to class outcomes and feedback for assessments.
- **Assist** is a shortcut to student-centered services so you can obtain direct support from them.
- **Tools** facilitate access to a number of software applications useful for students, faculty, and staff, including Starfish.

Starfish is accessible from every course; if you do not see the link, the instructor can add it with the plus sign at the top of the menu -click on Add Tool. Starfish is also accessible from the navigation ribbon on the left. click Tools >>>Starfish System.
