Freshman Course Schedule – Fall 2021

Major: Government

Concentration(s):

Step 1: Select the Course Schedule that aligns with your math placement. Math placement information may be found in your Advising & Registration Session email confirmation. If you have completed college-level courses and the courses are NOT listed on your [Transfer Credit Report](#) please let us know by completing the Schedule Review Form.

Fall 2021 Course Schedule College-Level Math Placement

Subject	Section (CRN #)	Course Name	Notes
FRSE 101	*1032	Freshman Seminar	
<i>*Freshman Seminar is major specific. You may only enroll in a section that corresponds with your major. Register for any one of the four digit CRN number(s) provided above.</i>			
ENGL 101		Expository Writing	
COMM 101		Oral Communications	Enroll in any available section.
GOVT 130		Into to Political Science	
MATH 127		Intro to Mathematical Ideas	

Fall 2021 Course Schedule Developmental Math Placement

Subject	Section (CRN #)	Course Name	Notes
FRSE 101	*1032	Freshman Seminar	
<i>*Freshman Seminar is major specific. You may only enroll in a section that corresponds with your major. Register for any one of the four digit CRN number(s) provided above.</i>			
ENGL 101		Expository Writing	
GOVT 130		Into to Political Science	Enroll in any available section
**MATH 90		Preparation for College Mathematics	
**MATH 127		Intro to Mathematical Ideas	

***MATH 90 is an eight-week class that begins on August 30th and ends on October 22, 2021. After successful completion of MATH 90 you may enroll in MATH 127.*

Step 2: Register for classes. We strongly recommend that you register for classes prior to joining your virtual Advising & Registration session. You will gain access to registration 48 hours before your session. [Registration Instructions](#)

Should you experience difficulty with enrolling an advisor will provide assistance during Advising and Registration.

English & Math Placement

You will not take an English or Math Placement Exam due to COVID-19 registration modifications.

English Placement

All students may enroll in college-level English, ENGL 101.

Math Placement

Math placement is determined by your high school cumulative grade point average (GPA). Students having earned a cumulative GPA of 3.0 or higher may enroll in college-level math. Students having earned below a 3.0 will enroll in MATH 90 during the first eight weeks of the semester. After successful completion of MATH 90 you may enroll in your major specific college-level math course for the remaining eight weeks.

However, students pursuing **S.T.E.M. majors** must have a **3.3 or higher cumulative GPA** to enroll in college-level math. These majors include:

- Bioinformatics
- Biology
- Chemistry
- Computer Science
- Computer Technology
- Mathematics
- Science Education

These majors typically begin with college-level Pre-calculus (MATH 141) or higher. Due to the rigor of this course the minimum GPA requirement is higher.

- S.T.E.M. majors having a high school cumulative GPA between 3.0 and 3.29 may request an assessment to determine eligibility for MATH 141. Your Advisor will provide additional information during your advising session.
