

BSU - SOLE SOURCE JUSTIFICATION FORM

This form should be submitted for the purchase of commodities and services exceeding the amount of \$25,000 in cases where no competitive bids can be obtained. The following are the only circumstances in which sole source procurement may be requested:

1. When only one source exists that meets the requirement.
2. When compatibility of equipment, accessories, or replacement parts is the primary consideration.
3. When a vendor’s item is needed for trial use or testing.
4. When a sole vendor’s item is to be procured for resale.
5. When certain public utility service is to be procured and only one source exists.¹
6. When emergency repair or maintenance is required.

A sole source justification should show that competitive bidding is impractical because only one product or service provider can fulfill the need. Thus, the requester should provide documentation that comparable source alternatives have failed to meet that need. When comparable sources can not be identified, a detailed description of the product or service must be provided.
