

Precision 3540 Mobile Workstation

Power within reach

Introducing our smaller, lighter and more accessible Precision workstation.

Product Features

Operating System – Windows 10 Enterprise

Be mobile. Remain powerful.

Ground-breaking innovation: Starting at just 4.04lbs., the Precision 3540 is all about mobility. It's made with premium materials, coming in at 10% lighter and has outstanding battery life.

Bigger productivity: The narrow-edge display gives you more screen real estate on your 15" mobile workstation which makes it easier to view CAD applications and heavy excel spreadsheets.

Brilliant performance: The Precision 3540 comes fully equipped with Intel® Core™ 8th Gen processors (quad-core).

Professional graphics: Experience exceptional performance for everything from large spreadsheets to 2D and entry-level 3D CAD with optional next-generation AMD Radeon® Pro graphics with 2GB of memory.

Fast memory: Accelerate workflows and improve response time with high-speed memory up to 32GB at 2400MHz.

Versatility at its finest: Stay connected to all the tools you need with ports that include Thunderbolt™, HDMI, USB and more.

Vital reliability: Get outstanding battery life with the optional 4-cell 68Whr ExpressCharge-capable battery. You'll be up and running quickly and staying productive.

Private, secure, productive

Precision, meet privacy: A new feature for all Precision workstations, a camera shutter that ensures others can't see you through the lens. You can now manually close the shutter for privacy or open it when you want to video conference or take photos.
