

TUTORING

Referrals

Referrals can be raised for students to suggest a campus resource that can support their academic and personal success. When a referral is raised in Starfish, students receive instant email correspondence from the referred office with an invitation to get started. Use the chart below for more information about the referrals currently available in Starfish and the situations that might warrant raising each referral option.

Tip: Raising referrals will initiate an email to student and alert academic support services. Students are expected to follow up and utilize appropriate resources. Outreach is also provided to students referred to the offices below.

STUDENT SUCCESS CENTER TUTORING

This referral is for students who need assistance with understanding course content and/or could benefit from tutoring services provided by the Student Success Center.. Please keep in mind that SSC tutoring is only offered for specific, introductory courses in CTEC, Computer Science, Business and Psychology.

MATH LAB

Raise this referral for student enrolled in one of the following Mathematics courses who could benefit from tutoring assistance: Intermediate Algebra (Math099), College Algebra (Math125), Pre-Calculus (Math 141/150), Calculus (Math 225/226), and Statistics (Math150/155/508).

SMITH VIDAL LITERACY AND LANGUAGE WRITING CENTER

The Writing Center helps students become more effective and confident writers. Writing consultants can assist students through all stages of the writing process with any type of writing task. Refer students here if you have a concern about a student's organization, development, formatting, documentation style or other conventions,

SUPPLEMENTAL INSTRUCTION

Use this referral for students who would benefit from group study support. Supplemental Instruction Sessions are designed to help students develop as self-confident and efficient learners by introducing study skills and learning strategies they can apply to their study routine for success in their course work.

SMARTHINKING

SMARTHINKING is a FREE Online Virtual Tutoring Center. SMARTHINKING provides online support in a variety of Math, Writing, Science and Business subjects up to 24 hours a day, 7 days a week. Tutorials incorporate direct video interaction with tutor.
