ARTICULATION AGREEMENT

Anne Arundel Community College, Associate of Applied Science in Criminal Justice

Bowie State University, Bachelor of Science in Criminal Justice

Anne Arundel Community College (here after referred to as AACC), a community college in Anne Arundel County, Maryland, and Bowie State University (BSU), Bowie, Maryland, regionally accredited by Middle States, agree to offer an articulated program leading to the award of an Associate Applied Science (A.A.S.) in Law Enforcement and Criminal Justice and a Bachelor of Science (B.S) in Criminal Justice. They further agree that students from AACC, through this articulation agreement, will be allowed to transfer credits earned for the associate degree at AACC to Bowie State University, leading to the award of the baccalaureate degree at Bowie State University.

Purpose of the Agreement

This agreement is entered into to serve the instructional needs of AACC students and graduates. Its general purpose is to make clear the terms of the transfer.

By doing so, this articulation agreement will facilitate an efficient transition from AACC's Law Enforcement and Criminal Justice to the B.S. Criminal Justice at Bowie State University. AACC graduates will understand how Bowie State University transfers the credits they earn at AACC, as well as the changes in requirements that may permit more flexible scheduling once the student has been admitted to and enrolled at Bowie State University. The agreement provides a systematic plan for students to continue their higher education beyond the A.A.S. degree from AACC.

The agreement, also, is a publication of a clear set of understandings and expectations for both institutions and programs. Making expectations clear to students and between institutions not only contributes to the first goal, but also allows the institutions to work collaboratively to meet the needs of AACC graduates. Like any policy agreement, this articulation agreement will need to be updated, revised and refined as the instructional programs are revised.

Finally, the agreement encourages AACC graduates to continue their educational pathway for both personal and professional development, as well as career advancement. It facilitates students' successful achievement of credentials in their field.

12/19/2012

Guiding Principles

The following general principles guide the operation of this Agreement:

- 1. The program is designed for graduates of the Associate of Applied Science degree in Law Enforcement and Criminal Justice at AACC. A maximum of 65 credit hours from AACC will be allowed toward fulfillment of the 120 credit hours required for baccalaureate completion.
- 2. All courses meeting general education requirements at AACC will transfer to BSU as general education.
- 3. Students must maintain a 2.0 cumulative grade point average in order to transfer.
- 4. The maximum number of credits that will be accepted by Bowie State University toward degree requirements from non-direct classroom instruction (including CLEP, AP, and other nationally recognized standardized examination scores) is 30. Tech Prep credits will not transfer. Credit awarded for experiential learning ("life experience") is not recognized by, and is not transferable to, BSU.
- 5. Once the A.A.S. is completed and the student has been admitted to Bowie State University the student may commence the Criminal Justice program by completing a "Declaration of Major" form and registering for courses.
- 6. While AACC and Bowie State University do not presently have a dual enrollment program should one be agreed to, this agreement will not preclude students from participation and students may apply for and receive the benefits of dual enrollment. Those students would then be subject to the policies of said program should they apply.
- 7. AACC students who have completed the Associate of Applied Science in Law Enforcement and Criminal Justice will be given every consideration for financial assistance and will be eligible to compete for academic scholarships at BSU.
- 8. This agreement becomes effective on the date set forth on the first page of this document. AACC and Bowie State University agree to publicize this program. They further agree to monitor the performance of this agreement and to revise it as necessary. The agreement may be terminated by either party for due cause and after adequate notice to the other. Termination of the agreement will not affect any students currently enrolled at AACC in the Law Enforcement and Criminal Justice program at the time of termination, and they shall be able to transfer credits pursuant to this agreement.
- 9. Bowie State University will establish a mechanism to provide information on the academic progress of the AACC student enrolled as a result of this agreement.
