

BOWIE STATE UNIVERSITY
Office of Residence Life
2020-2021 RESIDENCE HALL CONTRACT, POLICIES AND
PROCEDURES

INTRODUCTION

This document and all policies and procedures referenced herein, constitute the Bowie State University Residence Hall Contract for room and board, hereafter referred to as “this **Contract**”. The services described in this contract are being offered to each student under the terms and conditions stated herein. For the purpose of this “contract”, the Office of Residence Life will be identified as “ORL”. This is a legal document binding students to its contents upon acceptance of the terms and conditions herein.

The University hereby grants to the student a revocable license to live on campus subject to the terms and conditions of this contract. The parties agree that, notwithstanding any language to the contrary contained herein, this contract does not constitute the grant of a tenancy or leaseholder to the student and Md. Real Property Code Ann., Title 8 “Landlord and Tenant” does not apply to this contract.

Before accepting the terms and conditions herein, carefully read and understand this contract. Questions concerning the content of this contract should be directed to ORL before signing.

University and Residence Life policies, rules and regulations affecting the residence halls are subject to changes and/or additions. Such changes or additions shall be officially announced, posted in each hall and emailed to the resident and this shall constitute actual notice to residents. Changes and additions shall become effective and binding 48 hours after such posting or official announcement.

Living in the residence halls at Bowie State University is a privilege that is based on the student’s acceptance of the corresponding responsibilities. The provisions in this contract and its related policies and regulations are written and enforced to safeguard the resident, the interests of others and to protect everyone from actions considered unacceptable or inappropriate in a residence hall environment.

The residence life program at Bowie State University strives to provide an environment that facilitates the academic, personal and social development of each resident. Accepting the terms and conditions of this contract does not guarantee an individual a room assignment or board plan beyond the term of this contract.

ELIGIBILITY

To be eligible to live on campus, an individual must have and maintain a **minimum 2.0 cumulative grade point average (GPA)**, be enrolled at Bowie State University as a full-time student (taking

12 or more credit hours) and be in good financial and judicial standing. Failure to meet any of these requirements at any point during the academic year may result in the termination of this contract by ORL.

The resident must request in writing to the Director of Residence Life permission for part-time enrollment, **before** they assume part-time status. The Director, at their discretion, may cancel a part-time student's residence hall contract.

The resident may have this contract terminated or be prohibited from returning to the residence halls if they: a) do not meet academic or financial requirements stated herein; b) violate University or ORL policies and procedures; c) exhibit behavior determined by the University to be inappropriate or; d) damage the facility during or at the conclusion of a semester, break period or academic year.

STUDENTS REQUIRING SPECIAL ACCOMMODATIONS

There are limited beds available to accommodate every request. Therefore, priority will be given to individuals who qualify under the Americans with Disabilities Act Amendment Act (ADAA) and Section 504 of the Rehabilitation Act of 1973. Any medical or physical related issues that require special housing accommodations must be brought to the attention of ORL, 60 days prior to the term in which the student will first begin residing in the residence halls if granted an assignment. Individuals requesting special accommodations will need to provide ORL with formal documentation from a qualified health care provider. They will be required to provide appropriate documentation from a physician describing what accommodations will be required. The documentation must have been updated within the past twelve months and supports the need for the accommodation. Modifications of housing will be processed based on the recommendations made by the Coordinator for Disability Support Services, and the individual requesting special accommodations. Please note that providing the university with the required documentation does not guarantee a room or special accommodation request. The Office of Disability Support Services, the University's Wellness Center, and the Office of Residence Life will review situations where the documentation clearly indicates that the accommodation is a medical necessity.

CONTRACT ACCEPTANCE

The student must indicate acceptance of a room assignment and choose a meal plan by completing and electronically signing the *Contract Acceptance Form*. Once the room assignment has been designated and the Contract Acceptance Form signed, this **contract** will become binding to both parties.

By signing the *Contract Acceptance Form*, the student agrees to accept and abide by all terms and conditions of this contract as stated herein, as well as all applicable university and residence hall policies, rules, guidelines and regulations that are a part of this **contract**.

If a student is under the age of 18, they are required to read this **contract**, then sign the Contract Acceptance Form **and** have this **contract** reviewed and the acceptance form signed by a parent or guardian. The parent or guardian is required to sign each subsequent *Contract Acceptance Form* until the student turns 18 years of age.

Accepting a room key and building fob, automatically binds the student to the terms and conditions outlined in this **contract**. This **contract is binding for one entire academic year, consisting of both the fall and spring semesters**. The student who is issued a room assignment after the academic year has commenced will be bound by the conditions of this contract for the remainder of the academic year.

The University System of Maryland Board of Regents has approved room and board rates for the 2020-2021 academic year. These rates are in effect for the entire academic year. An updated schedule of fees is available upon request through ORL. Full payment of or payment arrangements for room and board charges along with tuition and other fees must be made before the student will be allowed to move in each semester. Payment or payment arrangements are made through the Office of Student Accounts. During the term of this contract, the University, by action of the Board of Regents, reserves the right to alter any or all rates for room and board upon a thirty-day (30) written notice.

Room changes may not occur during the first two weeks of the semester unless approved by the Director of Residence Life or their designee.

Any resident making an unauthorized room change will be subject to disciplinary action and will be required to return to their originally assigned room.

H. Temporary Room Assignments

The resident may be offered a contract for a temporary room assignment on those occasions when traditional spaces are no longer available. There are a limited number of temporary spaces. It will be indicated in the offer if the assignment is considered a temporary space. Temporary assignments may last a few weeks, several months or an entire semester before the resident is reassigned. In some instances, the temporary assignment could last the entire academic year.

ORL reserves the right to assign more occupants to a room beyond the established capacity when the demand to live on campus exceeds the number of beds available. In such cases, the cost of the room will be reduced for all occupants in that temporary assignment at a predetermined rate.

I. Check in/Check out

Check in: The resident who is assigned a room is required to formally check-in at a location determined by ORL. Once the resident's account has been verified as being in good financial standing, they will be issued a check-in clearance card.

At the hall, the resident will receive a **Room Condition Report (RCR)** to take to the room to assess its condition. After the resident makes any needed changes, they must sign and date the RCR. Once the RCR is complete and submitted to the RD or RA, the resident will be given a building fob, room key and other check-in materials. The check-in process will not be finalized until the resident has submitted the clearance card, RCR and Personal Data Sheet to their RD or RA.

The resident, who fails to check-in, not enroll in classes or has not been released from this **contract**, is still financially responsible for the room and meal plan fees. A severance fee up to the cost of the room and meal plan will be added to their Bulldog account. ***Any items left in the room after the first day of classes of either semester, will be discarded and the resident's account will be charged a minimum \$200.00 fee for the removal of the belongings and cleaning the room.***

All personal property and trash must be removed from the room. The floor must be cleaned and ALL trash discarded in the building trash receptacle and not in bathrooms, hallways, stairwells or building lobbies. The RCR will be used to assess any damage or missing furniture discovered at the time of check out. The resident will be billed if the room is left dirty or checkout procedures are not properly followed. The RD will inspect the room's condition and make a final appraisal. ***The resident who does not check out properly will be assessed a fee of \$75.00 or more based on the condition of the room.***

J. Consolidation of Residence Hall Space

The resident who has not contracted for single occupancy and does not have a roommate will have to participate in the room consolidation process, which may begin as late as one month from the start of the semester. The resident will have the following options: *a) pay the super-single room rate; b) obtain a roommate or c) change rooms. If the space is needed for new residents or roommate changes, the space may not be contracted as a single.* The RD and the Room Assignments Coordinator will approve all room changes made during the consolidation period.

All room changes or exchanges must be completed within five (5) days after notification to consolidate.

If the consolidation has not occurred within the five-day period, the resident will automatically be charged and legally obligated to pay for the room based on the super-single room rate. The resident may only contract for a double room as a super-single for the remainder of the current semester. Room consolidation will officially end three weeks after the onset of the consolidation period or sooner as determined by the Director of Residence Life or their designee. Room consolidation will occur each semester.

K. Residence Hall Damage / Housing Application Fee

The resident will be held responsible for damage to residence hall property, rooms and public areas. The resident will be expected to pay all charges upon receipt of a bill for the damage. The RD, in conjunction with the information documented on the RCR will determine the final assessment of charges. The resident who wants to dispute a charge must submit an appeal in writing to the RD of the building where the resident resides within five (5) days of receipt of notice of the charge.

Damages occurring in public areas of the residence hall will be charged to the residents residing in that particular suite, floor or hall. Charges for damage in public areas cannot be appealed unless the resident has indisputable documentation proving that s/he was not in the building during the day, date and time period in question. The written documentation must be submitted to the RD of the building within five (5) days of the receipt of the bill for damage.

The Housing Application Fee is non-refundable except when ORL is unable to assign accommodations and the applicant has not cancelled prior to the end of the assignment period. Applicants that do not receive accommodations and still attend the University will have a credit on their Bulldog account. The assignment period typically last throughout the first two weeks of the semester. Assignments may continue past this period if beds are still available. Applicants who do not receive a room prior to the end of the assignment period and cancel their request are ineligible to receive a refund for the Housing Application Fee.

L. Room Key, Building Fob and Resident ID

A room key, building fob and resident ID card will be issued to the resident. All building fobs, room keys and resident ID cards' are the property of ORL on loan to the resident as long as they rightfully live in the building and occupy the assigned space. The fob and resident ID card provides access to the building and the key provides access to the room.

The resident is prohibited from lending or giving their key, fob or resident ID card to another person. Duplication or modification of keys, fobs or resident ID card is prohibited. The resident is responsible for all keys, fobs and ID cards issued to them. Lost, stolen or damaged keys or fobs will necessitate the replacement of lock(s); the cost of which will be charged to the resident. Damaged or broken keys must be submitted to ORL immediately otherwise they will be presumed lost or stolen.

The resident must report lost or stolen keys or fobs to their RD immediately. When notified, ORL will initiate a lock change. Once a lock change has been reported, regardless of whether or not the key or fob is found, the resident will still be liable for payment of the charges. The resident must

report a lost or stolen resident ID card immediately to their RD or RA. The resident will be billed for a replacement ID card. Failure to return the room key, fob and resident ID card when the resident leaves will result in the resident being billed. Duplication or modification of a key, fob or resident ID card will be grounds for disciplinary action and criminal prosecution.

Violation of any provisions in this section may be grounds for declaring the resident in breach of the contract and could result in termination of this agreement, and disciplinary action, which could include dismissal from campus residency.

The resident must give their key, fob and resident ID card to an authorized University official immediately upon termination of their right to occupy the residence hall or any time upon demand from authorized personnel.

Loss of the room key will result in a lock change. The resident will be billed for the cost incurred for the lock change. Loss of a fob will result in the deactivation of the old fob. A new fob will be issued and the resident will be billed for the new fob. Loss of a resident id will result in the issue of a replacement id and the resident will be billed.

M. Remedies

All rights and remedies of the University herein enumerated shall be cumulative and none shall exclude any other rights or remedies allowed by law and the University disciplinary codes, judicial processes, regulations, policies and procedures. If the resident defaults on the payment of room and board fees or in the prompt and full performance of any provisions of this **contract**, the University may, upon five (5) days written notice, invalidate the resident's meal card without obligation to give credit to the resident for any meals missed because of such action. If the default is not corrected within the five-day period, the University may, upon ten (10) days written notice, forthwith terminate this contract and the resident's right to take possession of the room assignment and all other contracted benefits.

If this **contract** is terminated, the resident shall pay liquidated damages to the University. The resident thereby grants the University full and free right, with or without process of law, to enter into and upon the premises and/or take possession of the premises as the University's former estate and remove all property of the resident without being deemed guilty of trespass, eviction, forcible entry and/or detainer. Removal of any property shall be at the risk, cost, and expense of the resident and the University shall in no way be responsible for the value, preservation or safekeeping thereof.

Furthermore, if this **contract** is terminated in accordance with the foregoing provisions shall be forbidden under penalty of arrest for criminal trespass to enter and/or remain in any Bowie State University residence hall without the written consent of the Office of Student Affairs or the Director of Residence Life. Loss of the room will result in a lock change and the resident will be billed for all cost incurred by ORL because of that lock change.

N. Solicitation

Sale of items or solicitations of funds or other goods are prohibited in the residence halls. The resident may not represent any outside agency or campus organization by selling or distributing products or services in the residence halls. The resident or student may not go door-to-door, use or permit their room or any public area of the residence halls to be used for any sales representing a

commercial agency. The resident found violating this policy shall be subject to disciplinary action and the non-resident may be arrested for trespass.

The resident who does not comply with this policy will be subjected to judicial action.

ORL reserves the right to limit the number, size and units of electrical equipment used or stored in the resident's room i.e., stereo, TV, computers, speakers, musical instruments, etc. The University forbids the tampering, splicing, or altering of the wiring in a resident room for their personal use or to hook up additional equipment. Violation of this policy may result in the immediate removal of equipment or automatic termination of the Residence Hall Contract. Contracting for services such as cable, DirecTV, satellite services, etc., is not permitted in a student's room and/or any part of the residence hall.

Q. Hall Closing for Vacation Periods

The residence halls will be closed and residents may not be in residence in the residence halls during official University vacation or break periods, i.e. Thanksgiving, winter and spring breaks. The dates are determined prior to the start of each academic year.

During the winter break, keys and fobs will be collected. **The resident will have to remove all personal items from their room between semesters only if they have requested a room change or directed by their RD.**

The resident returning to the same room between semesters **will not** have to remove all of their personal items, just those things they think they may need over the break, i.e. medications or tablets if the resident is in good financial standing with the university.

Residents who have a balance with the university from the fall semester will have to remove everything from the room during the winter break. Removal of property does not void this contract. The resident is still financially obligated for the fees for the spring semester.

IF THE RESIDENT NEGLECTS TO REMOVE THEIR PROPERTY, IS STILL NOT IN GOOD FINANCIAL STANDING AND FAILS TO CHECK BACK IN BY THE FIRST DAY OF CLASSES OF THE SPRING SEMESTER, THE RESIDENTS' CONTRACT WILL BE TERMINATED. THE STUDENT WILL BE CHARGED A SEVERANCE FEE FOR THE COST OF THE ROOM AND MEAL PLAN. IN ADDITION TO THE SEVERANCE FEE, A REMOVAL AND CLEANING CHARGE OF \$200.00 WILL BE ADDED TO THE ACCOUNT.

The resident must show copies of their exam schedules to the ORL, if they need to stay past the time when the residence halls are scheduled to close. The resident meal service will not be in operation during break periods.

R. Food in the Residence Halls

The resident living on campus must have a meal plan. Please contact the Office of Auxiliary Services for information regarding meal plan options and pricing.

S. Bikes, Motorcycles, Motor Scooters and Hover Boards

The resident must use bike racks provided in designated areas outside the residence halls. The resident is expected to purchase their own lock to secure their bike. Bikes may not be stored in the room, or any public area including stairwells, lounges, and lobbies near entrance doors, or locked

near entrance doors either inside or outside of the building. Neither the university nor ORL will be responsible for the theft or damage of resident bikes.

Residents may not store hover boards in the residence halls.
