MARYLAND STATE TEACHERS COLLEGE AT BOWIE

VOL. 10, NO. 2

MARCH-APRIL, 1943

10 CENTS

DR. CARTER G. WOODSON IS FIRST SPEAKER OF NEW SEMESTER

By Walter Harvey

Our 1943 assembly programs have been diversified, informative, and provocative.

Dr. Carter G. Woodson, on Jan. 8, answered the question, "What will be the effect of the war on the Negro?" in this wise, "We (Negroes) are not going to lose if the Allies lose; we are not going to lose if the Allies win. We have lost so much, it is utterly impossible to lose anymore. The soil of liberty must be moistened with the blood of tolerance," the speaker declared. There was a note of hope in this statement, "There is a time coming when man will be considered as a man, proving all belong to one family with a common destiny."

On January 15, Mr. L. Roscoe Evans, principal of Ambush-Smallwood Elementary School in Washington, presented practical suggestions for effective school organization and management.

Mr. B. F. Graham, chemistry instructor, made a challenging talk on January 22 on the subject, "Opportunity vs. Disadvantage." The speaker showed that if we take advantage of our opportunity, we shall have fewer disadvantages. We won't forget his concluding point: "You can not make footprints on the sands of time sitting down."

An instrumental sextet rendered special music.

The program on January 29 consisted of readings by Florence Thomas and Priscilla Williams, seniors, and the following musical sections: "Sylvia" - Pennington Mason, vocalist; "Old Refrain" and "Always in My Heart" - Mr. Stanford, violinist; "Liebestraum" and "Manhattan Serenade" - Miss Davis, pianist.

On February 5, the Seniors presented in a humorous and clever fashion the high points of their practice teaching experiences. Mr. Noah Joffe, prominent Bowie marchant and newly elected member of the Maryland Assembly, was guest speaker.

STUDENTS RECEIVE ARM BANDS

Ninety percent of our students received their arm bands signifying that they have served at least 30 hours of observation and are now full-fledged members of the A. A. W.S.

Primary Room, Bruce Demonstration School,
Mrs. Hildegarde J. Adams, teacher.

DEMONSTRATION NEWS

By Esther McNeill

The children of the Demonstration School did their part in celebrating Negro History Week. They rendered an excellent program in chapel on Wednesday, February 10. In a play they told of the work of the Negro in the past, in the present, and in the future. The program was so well planned and executed that everyone left with the feeling that the Negro has really accomplished something worthwhile in spite of his obstacles.

CHINESE EDUCATOR SPEAKS

Mr. Wei-Ts Zen, M.S., M.A., educator of Shanghai, China, and a fellow student of President Henry's in the graduate school of the University of Pennsylvania, spoke at a special assembly on February 15. After discussing vividly the impact of the war with Japan on China, Mr. Zen answered the many questions posed by students. Among his declarations were these: (1) Chinese have a strong feeling of sympathy for Negroes, (2) China's low economic status is largely due to the fact that many industries are still carried on by hand rather than by machinery (3) Morale remains at a high level in China (4) China will never be conquered.

OUTSTANDING SPEAKERS

APPEAR ON PROGRAMS

By John White

Since the last issue of the Eye, our school has been honored with several visitors and speakers. Among them have been:

November: Dr. J. Menzie Van Zandt of New York, who appeared in a lecture-recital; December: Dr. Miles W. Conner, president of Coppin Teachers' College, Baltimore; Mrs. Gertrude Woodard, personnel director, and ten students of Miner Teachers' College, Washington, D. C.; Dr. Walther, of the department of social sciences, Towson State Teachers' College, Md.; Dr. D. O. W. Holmes and Dean Geo. Grant, of Morgan State College, Baltimore.

January: Dr. Mason Hawkins and Registrar Edward N. Wilson of Morgan State; Dr. Carter G. Woodson, of the Association of Negro Life and History.

February: The Ways and Means Committee of the State Legislature; Dr. Howard Drew of Freedman's Hospital, Washington.

March: Lt. Ina McFadden, of the WAAC; Mr. Flowers, assistant superintendent of the Baltimore City Schools and Dr. Conner of Coppin.

MAKING OUR CITIZENSHIP
 A REALITY

This global war is drawing heavily on manpower everywhere. Especially are we aware of that fact here at our school, for our workers are becoming fewer and fewer as the weeks pass by. We are just beginning to realize and appreciate their importance now that they have been called to serve their country. Many of us have, no doubt, been thoughtless and careless in an endless number of ways, when we might have been more helpful. Perhaps we have felt free to do some things because there has always been someone on hand to remove this or pick up that. Admitting that we have sinned in the past, let us improve in the future. There is much that we can do to make the loss of our manpower here felt a little less keenly, and at the same time prove that we are worthy of the name "good citizen." The following suggestions might prove helpful:

1. Religiously, place all waste materials in containers especially designed for this purpose.
 2. When opening certain doors, do not place hands on the glass and push. Use the wooden section.
 3. Feel it a responsibility to remove from the campus any waste material that tends to mar its beauty or that renders it otherwise unsightly.
 4. Volunteer, if necessary, to help keep our classrooms clean and presentable at all times.
 5. Make greater use of mats that have been placed at frequently used entrances of the building.
- Any help that we can give freely in the ways mentioned above will surely help relieve our situation here and should instill within us who offer our services, the feeling that we are at least willing and eager to do our bit during this hectic period.

The Law of Truth

Sacred writing tells us:

"The lamp of the body is the eye: if therefore thine eye be single thy whole body shall be full of light. But if thine eye be evil, thy whole body shall be full of darkness. If therefore the light that is in thee be darkness how great is that darkness. St. Matthew 6:22-23.

Enter ye in by the narrow gate: for wide is the gate, and broad is the way, that leadeth to destruction and many are they that enter in thereby. For narrow is the gate, and straitened the way that leadeth into life, and few are they that find it. St. Matthew 7:13-14.

Wherefore, putting away falsehood, speak ye the truth each one with his neighbor; for we are members one of another. Ephesians 4:25.

Profane writing tells us:

It is characteristic of truth to need no proof but truth. Jeremy Bentham; Fragment on Gov.

You have no business with consequences: you are to tell the truth. Samuel Johnson.

The mind, in discovering truths, acts in the same manner as it acts through the eye in discovering an object; when once any object has been seen, it is impossible to put the mind back to the same condition as it was before it saw it. Thomas Paine.

Truth travels down from the heights of philosophy to the humblest walks of life, and up from the simplest perceptions of an awakened intellect to the discoveries which almost change the face of the world. At every stage of its progress it is genial, luminous, creative. Edward Everett (address at Amherst College).

God offers to every mind its choice between truth and repose. Take which you please, you can never have both. R. W. Emerson—Intelled.
 R. W. Emerson—Intelled.

For us to know the truth about any person, thing or circumstance makes it possible for us to heal any fault or flaw because then we build on a sure foundation. Not to know the truth is to waste our efforts in the quick sands of futility. When we know the facts or the truth it is less difficult to decide on the proper course to pursue in thought, word and deed to reach the result we deserve.

It is unfortunate that we often must accept what we honestly feel to be the truth, and make our decision thereon: later only to find that we have been misled.

A life of truth is really a most beautiful life.

YOUR INQUIRING REPORTER

By Piccola Brooks

Should Students Leave Colleges to
 Take Government Positions?

The person who has completed two or more years in college is well on his way to a degree. He should remain in college and receive his degree because his education will mean a great deal to him in later years. If the person has completed only one year in college, it is all right for him to take a government position. He is not certain to complete his course as much as that person who has completed two or three years.

—Walter F. Harvey.

Yes, I think that students should leave college to take government positions because the money that is now in circulation will not last always. If the war is not too long, the students can go back to college and complete their college career.

—Aetha L. Conway.

It's conditional. If a student finds that he is in college and he has made the wrong choice, he should leave college and try to make a better choice, and in many cases the better choice can be the government position. On the other hand, if a student is adjusted in college and feels that he can make a success of his college life and apply his college training to his future, then he should remain in college.

—Irene Bankins.

I don't think that students should leave college and take government positions because money lasts only a short time, but education will last forever. Then, too, after the duration, experienced persons will be needed to govern the world.

—Alveta P. Smith.

EDITORIAL

One of deceptions is heart-breaking, for eventually the promissory note of life must be paid.

Confucious, 500 Years B. C., said:

"The aim of the superior man is truth" and again those who know the truth are not equal to those who love it.

Milton in his *Aeropagitica* says, "Truth is strong. Next to the Almighty; She needs no policies no stratagems, no licensings to make her victorious; those are the shifts and the defenses that error uses against her power; give her but room and do not bind her when she sleeps, for then she speaks not true.

Samuel Butler says: "Truth is precious and divine. Too rich a pearl for carnal swine." Let us not be carnal swine.

AGRICULTURE AND HOME ECONOMICS TEACHERS HOLD TWO DAY MEETING

By Madeline Waters

Fifty teachers of Agriculture and Home Economics on the Western Shore held a conference here at Maryland State Teachers College on February 26-27.

Mr. J. Walter Huffington, Maryland State Supervisor of Colored Schools, presided over the meeting.

The theme of the conference was: "What Can Teachers of Home Economics and Agriculture Contribute to Improvement of Maryland Homes Through a "Live-at-home" Program?"

Miss Elizabeth Amery, Maryland State supervisor of home economics in colored schools, presented the purpose and need for a joint conference of agriculture and home economics.

During our chapel hour Miss Waters, assistant worker in Home Economics, with Miss Amery, gave a short and informative talk on the Maryland Nutrition program and how it aids in bettering the health of the Negro. Miss Amery and Mr. Huffington also made remarks.

Dr. H. F. Catterman, Maryland State Supervisor of Agriculture, summarized the activities of the day and various teachers summarized the findings of special section meetings.

On Friday evening the teachers of our college were hosts at a reception for the visitors.

The meeting adjourned on Saturday after the group made final reports and recommendation for a "Live-at-Home" program in Maryland for 1943.

THE A. A. W. S. IS THOROUGHLY EXPLAINED

By Piccola Brooks

Men from the Army Air Warning Service were here on Tuesday night, February 23. Among those present were Mr. Aaron Howitz of Bowie and Lt. Wilcox of Baltimore. A moving picture was presented describing in much detail the huge task of the Army Air Warning Service.

The musical department of the college presented a brief program. The other part of the program while interesting was strictly confidential.

NEW FACULTY MEMBERS, 1942-43

Mr. F. Noel, principal Demonstration School; Mrs. M. Thomas, teacher, Demonstration School; Miss V. Monroe, teacher of Physical Education; Mrs. L. Townes, dietitian; Miss V. Turner, junior typist; Miss S. Jones, supervisor of practice; Mr. Graham, teacher of chemistry; Mrs. H. Adams, teacher, Demonstration School.

BOWIE FACULTY SERVE ON RATION BOARD

By Vivian Hicks

During the three successive days, February 24, 25, and 26, several members of our faculty composed the rationing board for the service of the residents of the town of Bowie and other neighboring communities.

Residents from the vicinity were directed to the room where they were to receive their second ration book for coffee and canned goods. There Mr. Stanford was available to give any necessary information and to assist them in filling out a Consumers Declaration. Next, he sent them to the Registrar, Mr. Noel. While they patiently waited, their first book traveled through the capable hands of the First Tailor, Mrs. Adams, the Second Issuer; Second Tailor, Mrs. Thomas, and last but not least, those of the Stamp Clerk, Mr. Graham. Miss Prout and several students also willingly sacrificed many of their spare moments to render much needed service. The rationing period ended on February 26. The members of the faculty who played such vital parts on the board have now resumed their former schedules.

FORMER ENGINEER COMES TO THE RESCUE

By Novene Holt

The words, "good things come to those who wait," have been said over and over and we here at "State" have evidence of the truthfulness of that statement; for who can deny the fact that we have waited, oh! so long for some good, clear sparkling water. At last we were rewarded!

On Sunday, February 21, Mr. Wm. H. Randall, former chief engineer here, took time from his important duties to come to "State", to make some needed repairs to the water and heating systems.

Mr. Randall is chief engineer at the Douglass Housing Project in Baltimore City. Recently he completed a course in welding, and was found to be so very efficient in the work, that he was readily made an instructor in the subject.

For several months previous, the water had been cloudy, but thanks to Mr. Randall, we say, "But that is a thing of the past," I say, Bowie-ites— Hats off to Mr. Randall.

BOWIE BREVITIES

By IRENE BARCLAY

Audrey King received \$25.00 November 6, for winning the first honor in the Tuberculosis Essay Contest sponsored by the Maryland Tuberculosis Association and the Baltimore Afro-American.

Lucy Satchell, '42, received second prize, \$15.00, in the State contest and \$5.00 for honorable mention in the National Contest. Mrs. Law, sponsoring instructor, received a special testimonial from the National Tuberculosis Association.

During the six years of the contest, students of Bowie for five of those years have won either first or second prize or both in the state competition, and honorable mention in the National contest three times.

BOWIE HAS LARGE REPRESENTATION IN THE ARMY

By Sarah Holley

State is still sharing its young men with Uncle Sam in his fight for democracy. They are leaving one by one. Edward Leakins, Saunders Hill, Everett Pettigrew, William Wilson and Richard Brown, graduates of '42, are the most recent inductees. Pvt. Edward Leakins is stationed at Camp Tyson, Tenn.; Pvt. Saunders Hill, Jefferson, Mo.; P.F.C. Everett Pettigrew, New Orleans, La.; Pvt. William Wilson, Fort Atterbury, Ind., and Corporal Richard Brow, Camp Breckenridge, Kentucky.

Corporal Harry Hill (former member of the Press Club) was a visitor here on February 20. When someone inquired how he liked the army, he replied, "The army is all right but it takes a real man to stand it. The going gets tough at times, but I can take it."

"Pat" Malone has been promoted to the position of Staff Sergeant

"Billie" Foreman now has the rank of corporal.

ELEVEN MAKE HONOR ROLL

-- Walter Harvey --

Eleven students maintained an average of A- or more during the first semester. They are: *Helen Evans, Helen Gilmore, *Aberdeen Bennett, Margaret Brandon, *Piccola Brooks, Irene Bankins, Alice Holt, *Alveta Smith, Thelma Thomas, *Henrietta Johnson and *Novene Holt.

The six starred names, the Eye is proud to state, are active members of the Press Club.

THE BEAUTIES OF BOWIE

By MILDRED WILSON

God has blest Bowie with beauty,
God has blest Bowie with grace;
He has blest each tree and flower
In every little place.

He sends the little snowflakes
That dance about the field;
But soon he sends the sunshine
The fruitful grains to yield.

The teachers and students at Bowie
Are thankful for all these things.
We send our thanks up to Heaven—
God's greatest praises we sing.

We are blest to have Nature's beauties
Around us all displayed.
The peace, the rest, and quietness
Our good friends here have made.

JUNIOR JOTTINGS

By Aberdeen Bennett

The Junior Class has made some very attractive books. Have you seen any?

The Junior Class has five members on the Honor Roll. Do you know who they are?

Do you know what members of the Junior Class are stars on the Varsity?

Have you heard the famous "Tonette Symphony" of the Junior Class?

Do you realize that Uncle Sam is keeping his best men (those of the Junior Class) at S. T. C. for home defense?

Do you realize the Junior Class is the only class having the honor of being instructed by the president and the supervisor of Anne Arundel County?

Do you realize "things ain't what they used to be" since the Junior Class doesn't have Mrs. Law or Miss Davis this semester?

Do you know that a former member of the Junior Class is eligible to pay income tax?

Can you imagine which Reid girl has lost her very best friend to Uncle Sam?

Is it fortunate or unfortunate that the Juniors aren't practice teaching this semester?

FRESHMEN SUNDAY SCHOOL PROGRAM

By Alveta Smith

The Freshman class gave its third Sunday School program Sunday, February 21. Included were hymns, poems, papers, and a violin solo. Members participating were Bessie Mason, Thelma Thomas, Ella Awkard, Eva Stuckey, Olivia Tucker, Betty Bromery and Alveta Smith.

SOPHOMORE NEWS

By Audrey King

We are having a hard time trying to keep our enrollment at a standstill; some continue to drop out—namely, Gladys Waters, Emmaline Watts, Jeanne Carter, and Doris Parker.

Our dear Uncle Sam felt that Ernest Black and George Dawson were needed more in the armed services, so he took them right from under our very noses. Although we grieve much at their departure, we feel that they have gone for a worthy cause.

We are now just twenty-four insignificant souls wondering, as everyone else is, what will happen next. With the world in such turmoil we are expecting only so much pleasure.

Once in a while we get an inspiration and have some sort of activity. For instance, we gave an interesting chapel program on February 19. It was a change from previous programs.

The smiles you see on our faces now are the evidences of a successful semester.

C. I. JAMBOREE A GALA AFFAIR

By Irene Barclay

"The Jamboree had class"; "I really had a good time"; "There wasn't a dull moment"; "The affair was well planned" were among remarks heard from persons leaving the recreation room on Saturday, February 20, after a full evening of fun at the College Eye Jamboree sponsored by the Press Club.

From the "Hunt and Peck" opening dance through the "Printer's Prance", "Teachers' Tag," "Scoop Shindig", "Typewriter Stomp", "Journalist's Jitters" and others, to the closing "Thirty", a good time was had by all.

Special features were a grab bag, cold snap, and sandwich stands, astrological readings, bingo, and cake and chicken raffles.

Anna Queen, freshman, won the chocolate cake. Mrs. Marie Thomas, demonstration teacher, was the lucky winner of the roasted chicken.

Each person was given a unique program shaped like a typewriter. Press Club members were easily distinguishable in their stunning orange and black hats.

Thanks and felicitations to all who helped us make the affair a success.

CRITICAL REVIEW

By NOVENE HOLT and HENRIETTA JOHNSON

"The Song of Bernadette," by Franz Werfel, author of "The Forty Days of Musa Dagh". Price, \$3.00.

When Franz Werfel was escaping from Europe, he paused for a few anxious weeks in the old French city of Lourdes. There he decided that if his journey was safely completed he would write, as an offering of thanks, a novel based on the life of Bernadette Soubirous. This he has done, and in a most beautiful, soul-stirring way.

The facts about Bernadette are simple enough and in outline familiar. In Lourdes, some eighty years ago, the daughter of an impoverished family was visited by a vision of measureless kindness and indescribable beauty. She alone saw this Lady of the Grotto. There were powerful reasons of State and Church for discrediting a miracle, consequently, many attempts were made to prove Bernadette a fraud. Despite these attempts, and despite the fact that Bernadette herself made no claims except the single one that a beautiful woman had appeared to her, all France was swept by the conviction that the Mother of God had appeared on earth.

Franz Werfel does not ask his readers to believe or disbelieve in the miracle; he merely asks them to believe in Bernadette. Through the pages of this novel moves a multitude of human beings. There are powerful individuals, and there are little people. There are men and women whose sympathies and enthusiasms are broad; others who are narrow, twisted, self-seeking. There are intellectuals and materialistic, visionaries and idealists. There is, in fact, all mankind to observe, to understand, to accept in brotherhood, but there is no one to dislike or despise or fear.

"The Song of Bernadette" is a work of beauty—the strong and all-embracing beauty that springs from a complete understanding of, and communion with, the infinite variations of the human soul. We wholeheartedly recommend it to you.

SECOND BLACKOUT AT BOWIE

By Alverta Smith

On December 1 there was a blackout at Bowie, the second since the opening of school. Although it was a surprise to everyone, there was a spirit of cooperation shown by all.

BOWIE MEN MAKE GOOD IN THE ARMY**Allison Claggett, '41, Is Lieutenant**

Lt. Allison Claggett, '41, who visited his Alma Mater early in December, has a record in the army to be proud of. Inducted on July 10, 1941, he was transferred from Fort Meade to Camp Croft, S. C. for thirteen weeks' basic training. Leaving there on November 5, he served in the Intelligence Platoon Headquarters at Fort Devons, Mass., until March 25, 1942. From there he went to Fort Benning, Ga., where he received his commission on June 25. He reported to Fort Huachuca, Ariz., July 7, where he is now located.

Vaughan Anderson, '38 Is Master Sergeant

Vaughn Anderson, '38, was transferred in August from Arizona to help form what is now the Transportation Corps at Indian Gap, Penn., where he is a Master Sergeant and a candidate for an appointment as a commissioned officer.

HARRY HILL HEADS TEACHERS OF ILLITERATES AT CAMP PICKETT**Bowie Methods Adopted**

Harry Hill, '42, who is located at Camp Pickett, Va., has been selected as the head of six teachers who are instructing classes for illiterates. Harry writes that the Bowie methods made him head teacher. The captain compared the experience and knowledge of six teachers who represented Union, Morgan and Bowie. As a result, all of them are using Bowie methods. Harry says, "Would you believe it, the day I took my oath I thought I had finished with formal methods of instruction, but each day finds me struggling with lesson plans. I don't mind it, for each night shows that something definite has been learned."

UNCLE SAM TAKES MORE BOWIE MEN

Recent inductees into the Armed Forces from our student body include Sidney Sheppard, John McClain, Milton Mack, George Dawson, Ernest Black, Cedric Hynson and Francis Gates. Mack, Dawson and Black were Press Club members.

FLASH!

The Eye happily announces a new arrival on our campus, Wm. E. Henry, Jr., infant son of President and Mrs. Henry, who was born March 12.

SORROW COMES TO BOWIE

On December 3 the town of Snow Hill lost one of its staunchest citizens—the father of our president. Mr. Henry, senior, had played a prominent part in the Maryland educational system before his retirement some years ago.

Before this first wave of sadness had passed, word reached us that the father of Mr. Joseph Wiseman, the father of Mr. Joseph Wiseman, one of our instructors, had passed away in the Annapolis Hospital. Mr. Wiseman had shown some signs of improvement, but later took a turn for the worse. All Bowieites express to both President Henry and Mr. Wiseman their heartfelt sympathy for their loss.

STUDENTS SPEND DAY AT MINER TEACHERS

By Pennington Mason

Five students and two teachers were guests of Miner Teachers College in Washington on November 18. Included in the day's activities were a visit to the Monroe Practice School, a luncheon, a panel discussion, a visit to the Howard University Library, and a tea.

In the group were Novene Holt, Bette Jane Bromery, Helen Gilmore, Olivia Tucker, students; and Miss Davis and Mr. Law of the faculty. All are deeply grateful to Mrs. Woodward, personnel director, and to the student council of Miner for an especially delightful day.

MINER STUDENTS VISIT BOWIE

On December 11-12 ten Miner students, accompanied by Mrs. Gertrude Woodard were our guests. They visited our rural practice centers, attended our school activities on Friday which included a black-out party in the evening, went on a hike Saturday morning, and were guests at a sophomore-sponsored tea in the afternoon.

FRESHMAN NEWS

By Alverta Smith

The Freshman class has been organized into an Agriculture Club with Mr. Graham as its supervisor. The officers are: Olivia Tucker, president; Elizabeth Greene, vice president; Vernetta Waters, secretary; Myrtle Smith, treasurer.

Since the members of the club have a keen interest in agriculture, they have great plans for the future.

BASKETBALL

By Thomas Miles

Another season of basketball is in full swing at State with a new coach and practically a new team as far as playing experience is concerned. Miss Monroe, our new physical education instructor, is coaching the men's varsity team.

The members of the team are:

- Ross—center
- Mack—forward
- McClain—forward
- Williams—guard
- Sheppard—guard
- Butler—center
- Hill—forward
- Miles—forward
- White—guard
- Frierson—guard

The season opened January 29, in Banneker Auditorium when the Maryland State "Bulls" met the Annapolis A. C.'s in a game which brought victory to the Bulls with a score of 34-12.

On February 5 the Bulls met the Annapolis U.S.O. on the floor of the Banneker Auditorium. The Bulls seemed to have the spirit of "we did it before and we can do it again." They were successful in defeating the A. C.'s team 41 to 35.

Two games won and one game lost is the standing of the "State Bulls" which is not a bad start, and the team still has a successful season to look forward to.

BIRTHDAYS

By Aberdeen Bennett

February

- 1 Miss Davis
- 2 Florence Thomas
- 3 Irene Bankins
- 16 Olivia Tucker
- 18 Pennington Mason
- 19 John McClain
- 22 Helen Evans
- 24 Sidney Sheppard

March

- 1 Roberta Hubbard
- 3 Nellie Ashby
- 16 Miss Hill
- 16 Alice Jones
- 19 Bessie Mason
- 23 Sylvia Reid
- 27 Irene Barclay
- 30 Frances Mitchel
- 10 Chef Taylor

H U M O R

By Piccola Brooks

Classroom Cracks

Teacher: "What is the meaning of abdication?"

Student: "To commit suicide."

Teacher: "What part of the spinal cord develops first?"

Student: "The brain."

Teacher: "This is a rather broad topic for you to write on."

Student: "I know, but I'm writing on the narrowest side of it."

Teacher: (After hearing a good philosophy) "That's good! Maybe you can get some money for it."

Student: "Want to buy it?"

Teacher: "Why is the world round?"

Student: "Because God made it that way."

Social Scoops

A certain young lady of the Jr. class carried a picture of her absent sweetheart to the movies with her. She was heard whispering to it, "Just As Though You Were Here."
— Eye Witness.

M. W.'s (Jr.) hymn "Oh, Master Let Me Walk With Thee," had finally come true until Uncle Sam sang the same hymn. Now who's walking V. H?

P. M. (Jr.) and W. F. are running a race for E. V. D.

Has T. M. (Soph) really settled down to one A. H. (Soph)?

J. M. (Soph) off campus company is really stirring up trouble with the boys here.

R. E. (Sr.) has been seen dining off the campus. Ahem!

F. M. (Sr.) received a record from a soldier. After hearing the record, she wasn't sure whether it was singing or talking.

J. H. (Soph.) is the leading glamour boy at "State", (especially to the Seniors).

We wonder how B. F. felt when P. M. brought I. M. S. on the campus.

It Really Did Happen

A young lady called up the Fire Dept. while trying to get the operator to report a plane.

Anchors Aweigh

Boy: (walking over to his girl friend) "Stay away from those sailors. I mean to take it and get."

Girl: (several dances later) "I've got it, and went."
—The Spy

Boy: "I mean for you to stay away from those sailors."

Girl: (Singing) "I must stay away from those sailor, I must stay away from the sailors,, cause if I

doed it I'll get a whipping."

And she did. —The Snooper

Boy: (Standing close to his girl friend) "I must guard her, I must guard her—from those sailors."

—Eye Witness.

CLUB ACTIVITIES

By Celeste Whalen

With new advisors, members, and materials, some of the clubs have set about to achieve higher goals. Through their work here, we are hoping that in the end their achievements will add to Bowie's glory.

Under the leadership of Mrs. Townes the members of the Handicraft Club are really learning to put their hands and brains together. Many new stitches are being learned.

The Freya Club sponsored their second annual affair on November 21, a pre-Thanksgiving dance. From all evidences everyone had a "scrumptious time."

Many freshmen and members of the other classes felt their dramatic ability and so they joined the Bats. With all the new members, we are sure to be entertained with many interesting plays from the Dramatic Club.

There are also two new clubs on the campus, namely the Dancing Club having as its sponsor Miss Monroe, and the 4-H Club, its sponsor, Mr. Graham.
